EDUCATION:

JNCT COLLEGE, BHOPAL

August 2021-June 2025

B.Tech., Branch-AIML (Artificial Intelligence & Machine Learning)

12 Standard

BHALERAO JUNIOR SCIENCE COLLEGE, SAONER

July 2020- April 2021

10 Standard

LITTLE STEP ENGLISH HIGH SCHOOL , LODHIKHEDA

JULY 2018- April 2019

SKILLS:

Programming Languages:

- | | | |
|-------------------|--------------|-------------|
| ● Java | ● JavaScript | ● Bootstrap |
| ● Python(ongoing) | ● React | ● NodeJs |
| ● HTML | ● SQL | ● Express |
| ● CSS | ● MonjoDB | |

PROJECT:

- The crop prediction project aims to leverage data analysis and machine learning techniques to forecast crop yields based on various environmental, economic, and agricultural factors. This tool can assist farmers in making informed decisions regarding planting, irrigation, and resource allocation, ultimately improving crop productivity and sustainability.
- Technology Used
 - Python
 - Machine Learning
 - HTML/CSS/JAVASCRIPT
-

CERTIFICATIONS:

- Infosys Springboard (Java)
- Infosys Springboard (Data Base Management and System)
- Great learning (Python in Data Analysis)

CO – CURRICULAR ACTIVITES:

- Compitive Coding problem Solving.

ACHIEVEMENTS:

- Participated in College Hackathon.
- Organized and Participated in College Fest.
- Participated in Speech Competition on Environment.
- Participated Data Dive Hackathon at College Level.

ADDITIONAL INFORMATION:

- Hobbies : Cricket, Kabaddi, Badminton
- Language : English, Hindi, Marathi
