Professional Summary

Detail-oriented Java Developer with hands-on experience in Core Java, Spring Framework, Spring Boot, Spring MVC, Spring Data JPA, Hibernate ORM, JDBC, and RESTful API development. Strong understanding of Object-Oriented Programming (OOP), Data Structures and Algorithms, Collections Framework, MVC Architecture, and Backend Development. Experienced in designing scalable, secure, and high-performance web applications using Oracle SQL, Servlets, JSP, and Git/GitHub. Familiar with Microservices Architecture, Transaction Management, Exception Handling, Input Validation, and Software Development Life Cycle (SDLC).

Technical Skills

- **Programming Languages:** Java
- **Frameworks & Technologies:** Spring, Spring Boot, Spring MVC, Spring Data JPA, Hibernate ORM, RESTful APIs, JDBC, Servlets, JSP
- **Web Technologies:** HTML, CSS, JavaScript, Bootstrap
- **Database:** Oracle SQL, SQL
- **Version Control:** Git, GitHub
- **Core Concepts:** Object-Oriented Programming (OOP), Data Structures and Algorithms, Collections Framework, MVC Architecture, Backend Development
- **Additional Concepts:** Transaction Management, Exception Handling, Input Validation, SDLC, Microservices Architecture

Projects

Mini Bank Application

Sept 2025 – Oct 2025

Java, Spring Boot, JDBC, Servlets, JSP, Oracle SQL, REST APIs

- Designed and developed a secure banking web application supporting account creation, deposits, withdrawals, balance inquiry, and fund transfers.
- Processed 100+ simulated financial transactions with reliable transaction management and data consistency.
- Implemented MVC Architecture and integrated Oracle SQL database for efficient CRUD operations and data persistence.
- Developed RESTful APIs to expose backend banking services.
- Applied input validation, exception handling, and authentication to improve application reliability and security.
- Optimized SQL queries and JDBC operations for better performance and maintainability.

Employee & Task Management System

Feb 2025 – Mar 2025

HTML, CSS, JavaScript, Bootstrap

- Developed a responsive web application supporting CRUD operations for employee and task management.
- Implemented dynamic form validation and client-side data handling using JavaScript.
- Designed mobile-friendly user interfaces using Bootstrap for improved usability.
- Structured the application with modular and maintainable code for scalability.

Certifications

- Wipro TalentNext Certification – Java (June 2024 – March 2025)
- AICTE EduSkills Virtual Internship – AI/ML (January 2024 – March 2024)

Education

B.Tech in Artificial Intelligence and Machine Learning

2025

Jai Narain College of Technology, Bhopal

CGPA: 7.22 / 10

12th Standard

2021

Bhalerao High School and Junior Science College, Saoner

Percentage 84%

10th Standard

2019

Little Step English High School, Lodhikheda

Percentage 77.04%
